MOLECULAR AND NANOMEDICINE RESEARCH UNIT

Organizing

TRAINING PROGRAM ON CELL CULTURE TECHNIQUES

The Cancer Biology lab was established in 2014 at Molecular Nanomedicine Research Unit, International Research Center and we are organizing training programs for researchers, students, faculties and industrialists regularly. This training program is structured for the participants to get hands on training in cell culture techniques and their functional assays. This workshop is idealized to make the participants strong in theoretical and practical approaches in cell culture techniques and its application to enhance their research career.

Program Highlights

A platform to understand the principle, concept, and application of cell culture techniques

**Hands on training in performing*

- Sub Culturing and cell counting
- Cryopreservation and revival of cells
- Cytotoxicity assays (MTT)
- Apoptotic Analysis (PI and AO/EB Staining)
- Advanced Fluorescence Microscopy

Venue:

Cancer Biology Lab,
Molecular and Nanomedicine Research Unit,
Centre for Nanoscience and Nanotechnology,
International Research Center,
Sathyabama Institute of Science and Technology,
Chennai - 600119.

Who can attend:

Researchers, Industrialists, UG, PG and Ph.D students

Registration Details:

* The participants are requested to register by sending the duly filled Registration form through e-mail along with their registration fees **Rs 3000/-** (through DD/ RTGS/ Wired Transfer or Online Transfer).

* The Registration fee includes kit, shared accommodation in the University Hostel and food during the training program. Certificate will be issued to all the participants.

Mode of Payment:

Demand Draft drawn in favor of "Sathyabama Institute of Science and Technology", payable at Chennai.

Online transfer favouring

Account Name: Dean (Publications and Conferences), Sathyabama

Account Number: 891734627
