16th and 17th March, 2022

The poster for 'HERMOSA ENERGIA' is presented by the English Literary Club of Sathyabama Institute of Science and Technology. It details a 'LIVE EVENT' titled 'HERIODES' and 'PRE-SUBMISSION EVENTS' including 'SEÑO-WRITE-A' and 'LIT-PICASSO'. The poster also lists the faculty coordinator, Dr. G. Arun, and student coordinators. The photograph shows a woman in a yellow dress speaking at a podium in a room with a large screen and a banner for Sathyabama University.

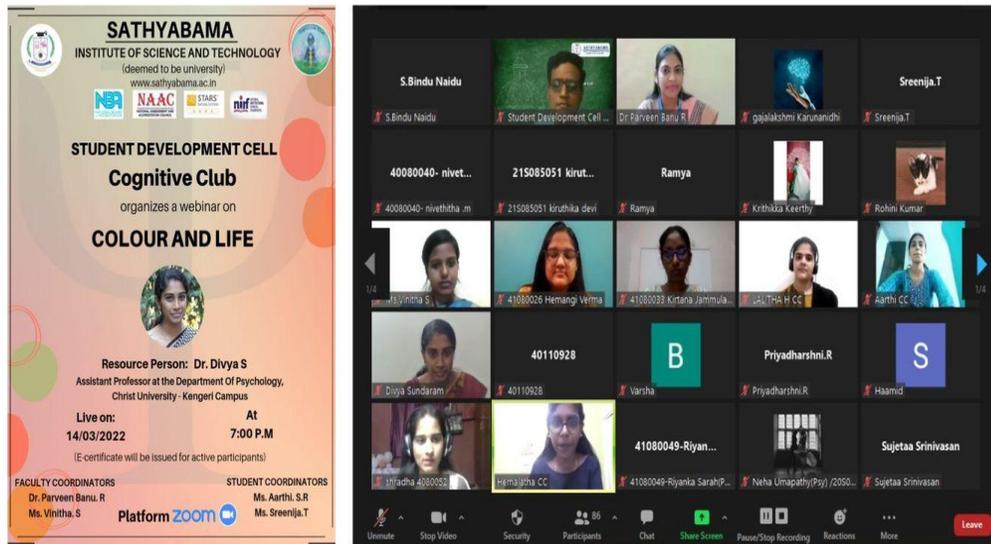

English Club – A women empowerment Program

15th March, 2022

The Zoom screenshot shows a meeting titled 'Applications' with a 'Cloud Computing' application icon. The Zoom interface includes a list of participants and a grid of video thumbnails. The poster for the 'CompileX Club' webinar is titled 'DOMAIN AWARENESS' and is scheduled for March 15, 2022, from 6 PM to 7:30 PM. It provides a registration link and lists the faculty and student coordinators.

CompileX club – Domain Awareness Program

14th March, 2022

Cognitive Club – A webinar on Colour and Life

8th March, 2022

The image consists of two parts. On the left is a promotional poster for a Zoom session. At the top, it features the Sathyabama Institute of Science and Technology logo and name, along with accreditation logos for NIRF, NAAC, and STARS. The main text reads: "STUDENT DEVELOPMENT CELL LIFE SKILL ACTIVITY Topic ENHANCING EMPLOYMENT SKILLS Speaker Mr. VIJAY AMARNATH Founder, CEO Likeminde Date : 08/03/2022 Time : 5.00 to 6.00 P.M." It also mentions that an e-certificate will be provided to all active participants and provides a registration link and QR code. At the bottom, it lists the life skill coordinator (Dr. J. Jayapriya) and student coordinators (Mr. B. Balaji and Ms. A. Adithya Pragathi). On the right is a screenshot of a Zoom meeting. The top bar shows the time as 17:18 and the Zoom logo. Below that, there is a video thumbnail of a man speaking. The main content area shows a slide titled "ENRICHMENT TO EMPLOYABILITY" with a sub-heading "TIME TO REINVENT YOURSELF" and a small graphic. The bottom of the screenshot shows the Zoom control bar with options like "Unmute", "Start Video", "Share", "Participants", and "More".

Life Skill Activity – Enhancing Employment Skills

3rd March – 5th March, 2022

The image consists of two parts. On the left is a promotional poster for a workshop. At the top, it features the Sathyabama Institute of Science and Technology logo and name, along with accreditation logos for NIRF, NAAC, and STARS. The main text reads: "STUDENT DEVELOPMENT CELL ROBOTICS CLUB In association with Centre for Skill Development ORGANIZES WOW - WONDERFUL OPPORTUNISTIC WORKSHOP Getting Started With Development Boards Register At: 3-5 March, 2022 Skill Development Centre International Research Centre (3rd floor)". It also lists the faculty coordinators (Dr. Y. Swarnalatha, Ms. Ramya.D, and Dr. D.N.S. Ravikumar) and student coordinators (Ms. Sanjay Kumar and Ms. Sakshi.D). On the right is a photograph of students sitting at a long table, working on development boards. They are using laptops and various electronic components. One student in the foreground is wearing a blue and white checkered shirt and a face mask. The table is cluttered with electronic components, wires, and a clear plastic container filled with small components.

22nd February, 2022

The image shows a Zoom meeting interface on the left and a promotional poster for the Math Pirates competition on the right. The Zoom meeting displays a slide with a math problem: "A man walks 6km at speed of 1 (1/2)kmph, runs 10km at a speed of 2kmph and goes by bus another 36km, speed of the bus is 10kmph. Find the average speed of the man." The Zoom grid shows several participants. The poster is for Sathyabama Institute of Science & Technology, featuring logos for NAAC, NBA, nif, and STARS. It announces the Math Club's Math Pirates competition, available in Level 1, Level 2, and Level 3. The registration link is <https://tinyurl.com/REGISTRATION-LINK-MATH-PIRATES>. The event is on Zoom, starting on 22/02/2022 at 5:00 PM. Faculty coordinators are Dr. T. Kamaraj and Dr. C. Kavitha. Student coordinators are Ms. K. Jaswitha and Mr. R. Sanjay Preeth. E-certificates will be provided for all participants.

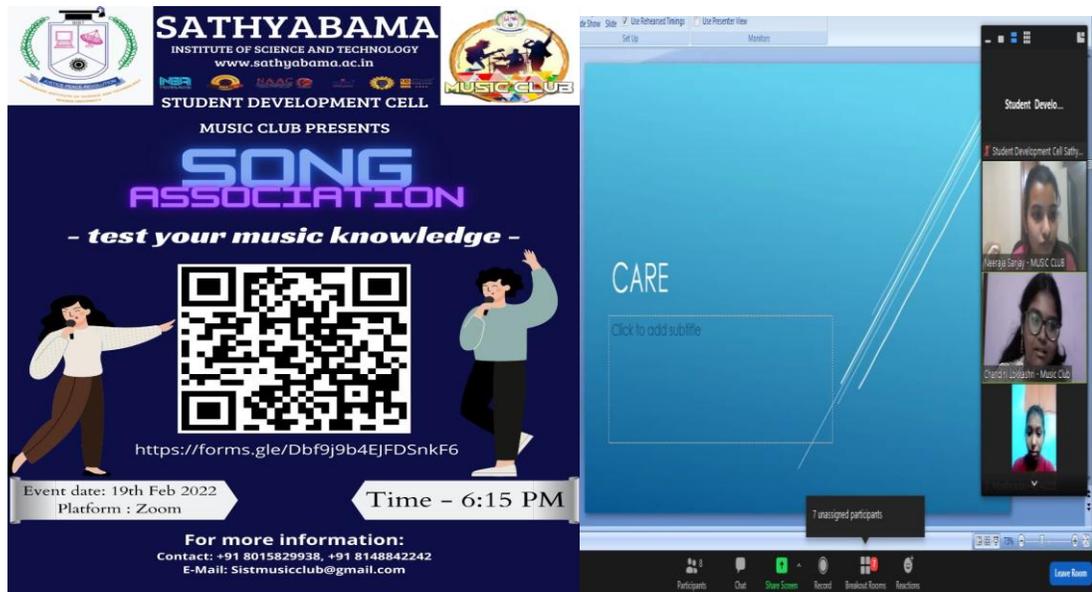

Mathematics Club – Math Pirates – A problem solving competition

22nd February, 2022

The image shows a Zoom meeting interface on the left and a promotional poster for the Socia-Hub webinar on the right. The Zoom meeting displays a slide with the title "Limitations of Traditional Media" and a list of points: "Pre programmed - have their own agenda", "Defined scope & Borders", "Live vs Staged spontaneity", and "Paid vs Unpaid". The Zoom grid shows a single participant. The poster is for Sathyabama Institute of Science and Technology, featuring logos for nif, NBA, NAAC, and STARS. It is presented by the Student Development Cell, Rotaract Club of Sathyabama, associated with the Rotary Club of Madras Temple City. The topic is "Media Management and Marketing" and the speaker is RTN. Vidhya Srinivasan, Vice President of the Rotary Action Group. The event is on Zoom, starting on 22/02/2022 at 06:30 PM. The faculty coordinator is Dr. J. Jayapriya. The registration link is <https://forms.gle/pYUakQDUBgZGddiHA>. The project chairmen are RTR. Varsha Suresh and RTR. Dheeraj, and the secretary is RTR. Malini Sree.

HOW TO MAKE ECO ENZYME?

For making Eco Enzyme, you need

1. Vegetable and fruit scrap (raw)
2. Brown sugar
3. Water
4. Air tight container

1. Measure water, fruit or vegetable scrap and brown sugar with 10:3:1 respectively (e.g. 10 gram of brown sugar, 30 gram of fruit/vegetable scrap, 100 gram of water). Adjust with the available waste or the container.
2. Chop the fruit or vegetable scrap into small pieces.
3. Mix all ingredients into a plastic container and stir. Plastic material is preferred to avoid the container from exploding when gases built up.
4. Close the container until it is airtight.
5. Leave for 3 months at a sheltered space.

WHAT ARE THE BENEFITS OF ECO ENZYME?

- Most people rely on the chemical substances to clean their clothes, utensil, furniture and even to kill pests. Although it is effective, this causes side effects for their health because of accumulation of chemical into their bodies and wasting money to buy chemical. Therefore, minimizing the use of chemical is needed. By using eco-enzyme as substitute or additional substances not only can prevent the possible side impacts of chemical but also can save money.
- As a disinfectant, eco enzyme can replace most cleaning liquids for multiple household products, even to purify air from airborne bacteria, due to its ability to kill bacteria and fungus.
- Other than to reduce the usage of chemical based cleaning liquids, eco enzyme also has its own economic value because it reduces the expense from buying commercial cleaning products.
- Furthermore, the nutrients that are contained inside the fruit and vegetable residue from processing an eco enzyme can be utilised as fertilizers.

Portrait of Number Friend

Ramanujan's Mathematics

When Ramanujan was in IV Form, his Schoolmate C.V. Rajagopalachari (in Form V) raised the following question to Ramanujan

$H \sqrt{x-7}$ and $x + \sqrt{x-1}$ what are the values of x and y ?

Ramanujan in a flash gave the correct answer $x = 9, y = 84$.
This was considered an unexpected achievement by a student of Form IV. The Solution to the above problem can be obtained as

Given $x + y = 7, x = 9, y = 84$
Let $x^2 = y^2, x^2 = 81, y^2 = 7056$
Subtract $x^2 = 81, y^2 = 7056$
 $x^2 - y^2 = 81 - 7056 = -6975$
 $(x - y)(x + y) = -6975$
 $(x - y)(7) = -6975$
 $x - y = -996.4285714$
whose only integer solution is:
 $x = 9, y = 84$
Therefore, $x = 9, y = 84$.

What is the need for networking in applications?

- In order to have proper synchronization of data for the same application on different platforms, it is very important that the data is stored in a centralized system which can be accessed by different platforms.
- That centralized system can be called as a Database Server.
- The process by which the same application on different platforms fetch data from this database server is known as Networking.
- For instance, consider WhatsApp app, usually we use it on mobile but the when you try to use it on web by scanning the QR code, the very next second the data is available on a web browser. If you compare them side by side even the sent messages are synchronized in fraction of seconds. All this is possible only with proper networking.
