STUDENT DEVELOPMENT CELL SDC ACTIVITIES EVEN SEMESTER 2024-25

Sl.No.	Name of the Club	Name of the Event	Date
1.	Data Science and Analysis Club	Data Odyssey	5th February 2025
2	Book Club	Fandom Battle	7th February 2025
3	Robotics Club	Botnext	7th February 2025
4	Poetry Club	Poetic Survival	12th February 2025
5	Media club	Video Story Telling	20th February 2025
6	Mechatronics Club	Tech on Wheels	24th February 2025
7	Hardware Club	Hardware Hustle	25th February 2025
8	English Literary Club	Name the Nemesis	26th February 2025
9	Design club	Morphosis	28th February 2025
10	Catalyst club	Research Relay	28th February 2025
11	Developer Club	Prompt craft	28th February 2025
12	Science Club	Science Quest	4th March 2025
13	Tourism Club	Documentary Screening- Baraka	4th March 2025

14	Auto Club	Balloon Car Racing	6th March 2025
15	Aero Club	Aero Brain Battle	7th March 2025
16	Art Club	Zentangle Art	7th March 2025
17	Debate Club	Cross Fire Conversations	7th March 2025
18	Maths Club	Rubik's Cube Workshop	10th March 2025
19	AI Wizards Club	Tech Ignite	10th March 2025
20	Soft skills Club	Significance of Communication Skills	11th March 2025
21	IIOT Club	Proplex -the art of Drones	11th March 2025
22	Pharmacy club	Pharma Hub	12th March 2025
23	Eco Club	ECO Smart - Green Farming	12th March 2025
24	Microsoft	Git Set Go	12th March 2025
25	Data science	Code Asrtum	12th March 2025
26	Tamil club	Enna Solla Pogiray	13th March 2025
27	Fitness and Nutrition Club	Sweat Squad	13th March 2025
28	EDC	Empower Yourself	17th March 2025
29	Cognitive Club	Restful Nights	17th March 2025
30	Innovation Club	Reverse Challenge	17th March 2025
31	Movie and drama club	EMPOWERING GIRLS : MALALA LEGACY	18th March 2025
32	CSE Club	Code Hunt	18th March 2025
33	Rotaract Club	APEX	19th March 2025
34	Microsoft	MERN Workshop	19th March 2025
35	Fitness and Nutrition Club	Symphony of nutrients	20th March 2025

36	Soft skills Club	Communication Charades	21st March 2025
37	Robotics Club	Vision powered projects	21st March 2025
38	Aero Club	Wings of Wisdom Debate	24h March 2025
39	Chess Club	Infinite Horizons	24th March 2025
40	Financial Management club	IPL Auction	25th March 2025
41	EDC	Pitch Deck Competition	26th March 2025
42	Art Club	Concept design art using AI Tools	27th March 2025
43	Compilex	Decoding web	27th March 2025
44	Dr Kalam Club	Quantiverse	28th March 2025
45	English and Book	Shakespearean Soiree	1st April 2025
46	Mechatronics	Make a Bot	1st April 2025
47	IIOT Club	Insights and Illuminations in IIOT Technology	1st April 2025
48	Cyber Security Club	Experiential hands on trianing	1st April 2025
49	Dr.Kalam Club	TechTInker	2nd April 2025
50	Catalyst club	Research Roulette	2nd April 2025
51	Hack Sist Club	Debating status of digital privacy in India	2nd April 2025
52	Dance Club	Dance Glitz	3rd April 2025
53	Tamil Club	Sollodu Vilayadu	11th April 2025
54	Compilex club	Master the art of intraction	11th April 2025
55	Poetry Club	Poems for HER	16th April 2025
56	Cyber Security Club	Brainac	16th April 2025

Data Science and Analysis Club organized Data Odyssey on 5 February 2025

Book Club conducted an event Fandom Battle on 7th February 2025. The event provided a platform for students of diverse book fandoms to come together and compete in a friendly debate.

Robotics Club on 7th February 2025 organised BotNEx where participants were given a hands on training on industrial robots and were given the instructions to operate the robot. They were also updated on the use of Melba language and its application in real-world automation

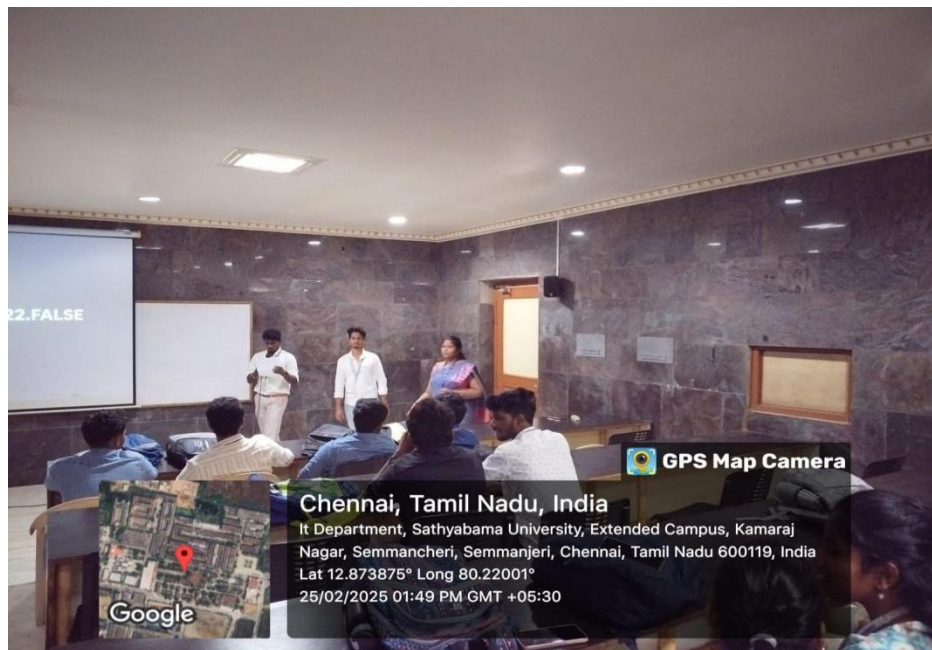

Poetry Club organized an event Poetic Survival on 12th February 2025 with a unique twist to poetry with the event inspired from Squid Game. A 3 round event that tested creativity, quick thinking and team spirit.

Media Club organized a Video Story Telling session on 20th February 2025 by Mr.Jayakumar Sudhandhirapandian, Former reporter BBC, Editor, The News Circle who discussed the elements of effective visual storytelling and explained the importance of visuals which enhance storytelling in media and to Identify key elements that make a visual story compelling, such as sequence, symbolism, and perspective.

Tech on Wheels was conducted by **Mechatronics Club** on 24th February 2025. The event offered participants a great opportunity to engage in practical, hands-on learning while developing important skills in robotics, mobile app development, and sensor integration. Through the structured rounds, participants will not only convert a simple RC car into a smart, mobile-controlled vehicle but will also gain experience with cutting-edge technologies, which could inspire future innovations in robotics and automation.

Hardware Club organized Hardware Hustle on 25th February 2025. The competition had 3 rounds comprising quiz, crossword puzzle and Ideathon.

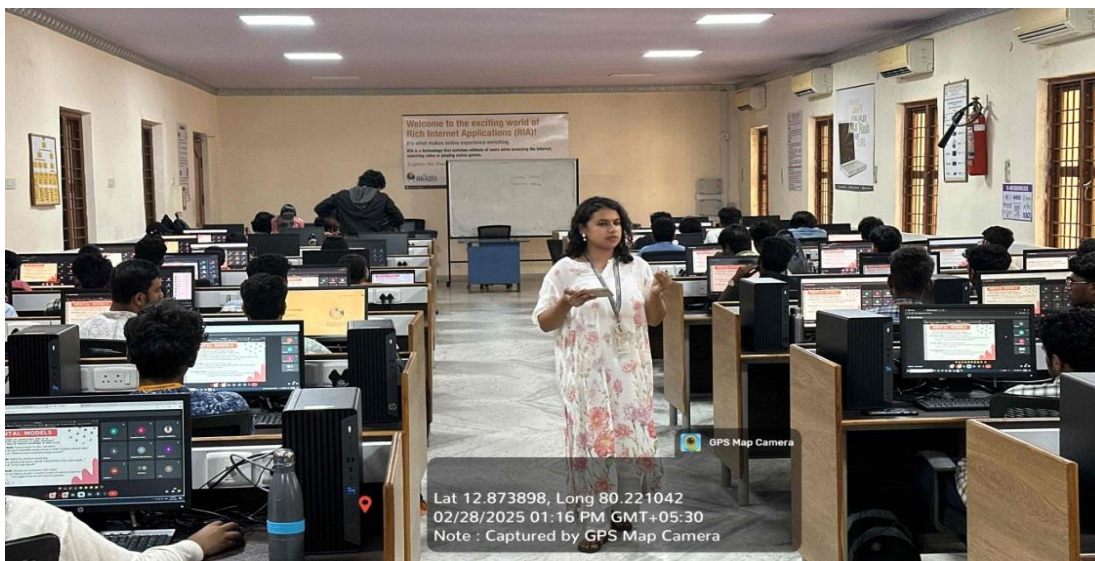

On February 26 2025, the **English Literary Club** hosted Name The Nemesis, a one-of-a-kind event where the participants had to investigate a crime with the clues provided, and come up with their own theory about the criminal! The event challenged their imaginative and critical thinking abilities, resulting in some witty debate and lots of fun.

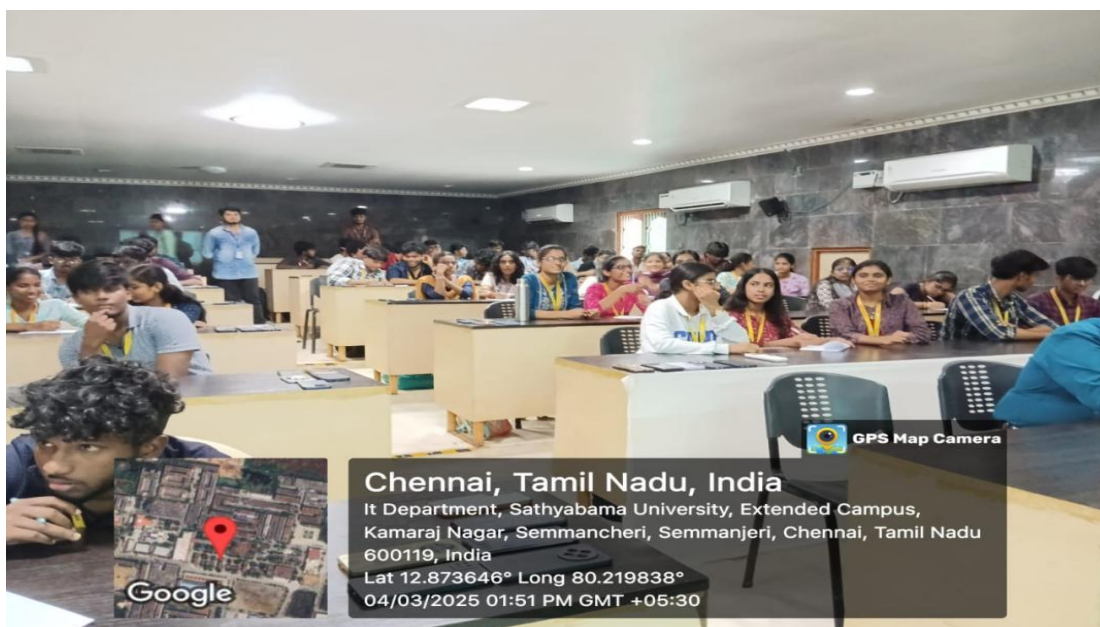

Design club conducted an event Morphosis on 28th February 2025. The participants were given themes related to design of different structures. The participants excelled in their creativity and imagination by designing outstanding structures on the Canva platform.

On 28th February **Catalyst club conducted** Research Relay where Participants formed teams, selected a problem statement, and were given 45 minutes to prepare for the presentation. The event encouraged students to think critically, analyze problems, and present innovative solutions while receiving valuable feedback from peers and judges.

Developer Club on 28th February organized Prompt Craft which enriched participants to learn better ways to prompt and how to use ai models effectively and less biased and explore how AI can be creative, logical, and even a little unpredictable. They also worked on real life prompt engineering cases.

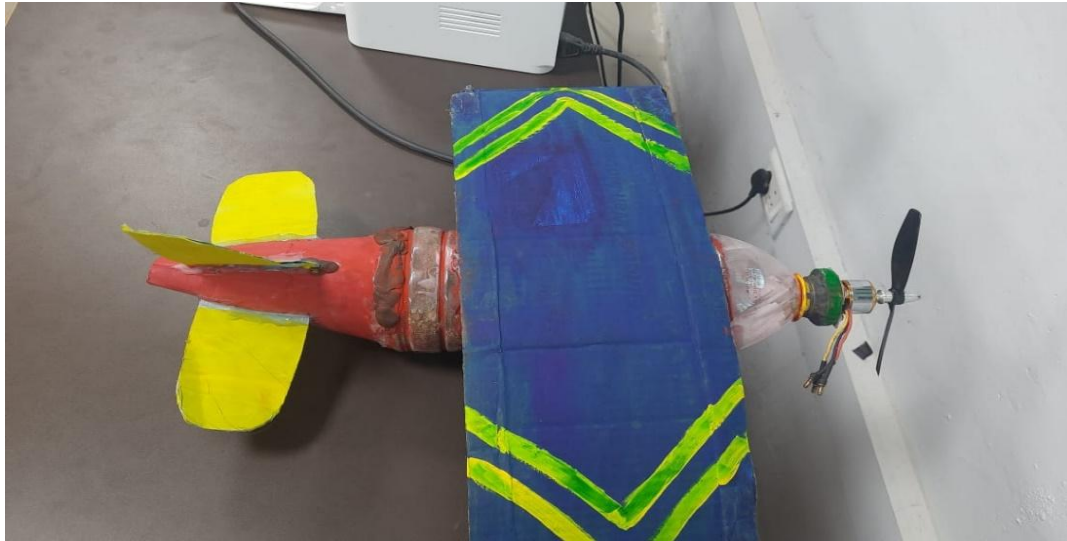

SCI-QUEST is an interactive science quiz event organized by the **Science Club**. It featured fun and challenging rounds designed to test scientific knowledge and logical thinking. The event was scheduled on 4th March 2025.

Tourism Club on 4th March 2025 organised a Documentary Screening – Baraka Students understood Man's diversity and his impact upon the environment. It imbibed the value that tourism is not just visiting places but to understand the cultural values and people living in the place.

Auto Club organized an exciting hands-on workshop titled "Balloon Car Race" on 6th March 2025. This innovative and interactive event aimed to provide participants with practical exposure to the basic principles of aerodynamics, air pressure propulsion, and energy conversion through the creative challenge of designing and racing balloon-powered cars.

Aero Club organized an engaging technical event titled "Aerobrain Battle & Aero Model Display" on 7th March 2025. This event aimed to foster innovation, technical knowledge, and creativity among students in the field of aeronautics. The event successfully created a platform for students to blend theory with hands-on experience. It also encouraged eco-friendly thinking through the use of recycled materials in the model display.

Art Club on 7th March 2025 conducted an event Zentangle Art where participants showcased their talent in drawing well patterned and structured black and white images.

The Crossfire Conversations - A Public Forum Debate was organized by **Debate Club** on 7th March 2025, where around 14 teams as in 28 students engaged in intense debates on pressing societal issues, featuring constructive speeches, crossfire rounds, audience interactions, and rebuttals. Topics Discussed: Socio-Political and Economic Issues, Public Policy, Contemporary Affairs and Governance.

Maths Club organized a workshop on how to solve Rubik's cube on 10th March 2025. Participants were provided with Rubik's cube and also given techniques of solving the cube.

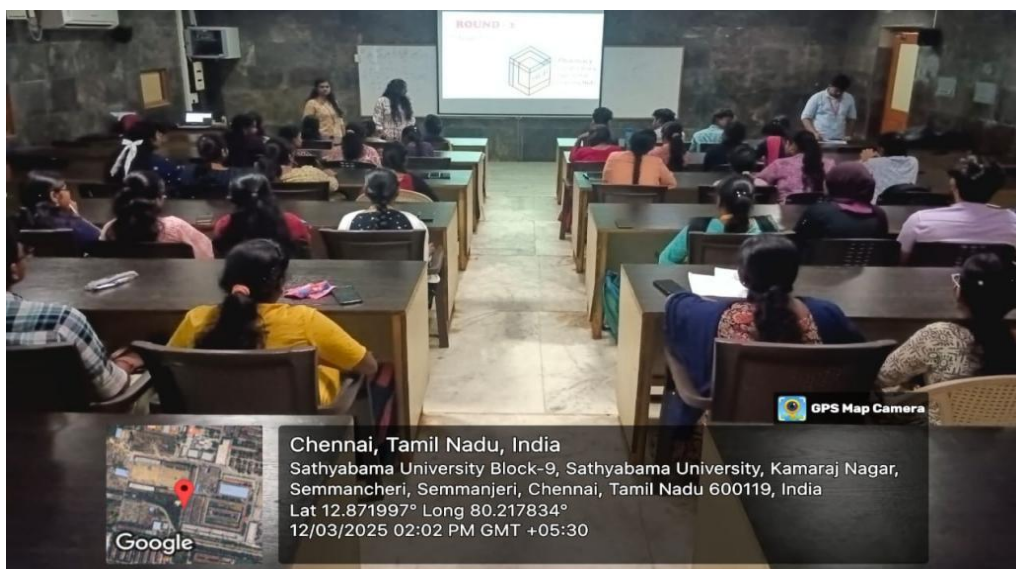

AI Wizards Club conducted a peer-led workshop titled “Tech Ignite – Dive Deep into AI and DL” on 10th March 2025. This interactive session was designed to provide students with insights into the real-world applications of Artificial Intelligence (AI) and Deep Learning (DL) using a peer-to-peer learning approach. The session created a collaborative learning environment that inspired innovation and technical curiosity among the participants.

The **Soft Skills Club** conducted an engaging and insightful session on "Communication Skills: A Gateway to Corporate Opportunities" on March 11, 2025. Renowned Resource Person, Mr. Aditya Meesala, Founder & CEO of Power ToU Consulting Pvt. Ltd., delivered an interactive and thought provoking session, sharing valuable insights into corporate communication strategies.

IIOT Club conducted PropelX: The Art of Drones on 11th March 2025 an incredible event that brought students together to explore the exciting world of drone technology. It was designed as an interactive and educational experience, the event featured hands-on workshops, live drone demonstrations, and insightful discussions led by industry experts. Participants gained valuable knowledge about drone mechanics, flight control, and programming while discovering real-world applications in agriculture, security, logistics, and AI-driven automation.

Pharmacy club conducted PHARMACY HUB on 12th March 2025 (Critical Thinking Based Event) has been conducted in Quiz Pattern with 3 rounds which includes Pharma Taboo, Unmask the mystery and Decode the Diagnosis. This event is intended to challenge participants to analyze information, evaluate evidence, solve complex problems.

Eco club conducted a guest lecture on Eco Smart farming on 12th March 2025 by Mr. Abdul Azhar who is working as AI research engineer at Techknots company. The talk was very interesting which highlighted the conversion of traditional farming to smart farming integrating IoT, AI, Machine learning and block chain technology which can increase yield of crops, reduce time and enhance pest control.

Microsoft Club conducted a hands-on training session titled "Git & GitHub Hands-On Training" exclusively for 1st-year students. The workshop aimed to introduce beginners to version control, repository management, and collaboration basics using Git and GitHub. Participants gained practical experience by setting up their first GitHub project during the session that was held on 12th March, 2025

Data Science and Analytics Club hosted "Code Astrum," on 12th March, 2025. This is an interactive and competitive event designed to test participants' problem-solving, coding, and data visualization skills. The event simulated an escape-room scenario where teams solved puzzles, coding tasks, and visualization challenges to progress.

Tamil club organized Enna Solla Pogiray on 13th March 2025. It was an event that had Tamil Quiz based on Tamil proverbs

Fitness and Nutrition Club on 13th March 2025 conducted Sweat Squad a fitness challenge which was a resounding success, with over 400 participants pushing their limits and showcasing their fitness skills. The 4-round challenge brought out the competitive spirit among our students, and we're proud of every participant who gave their best.

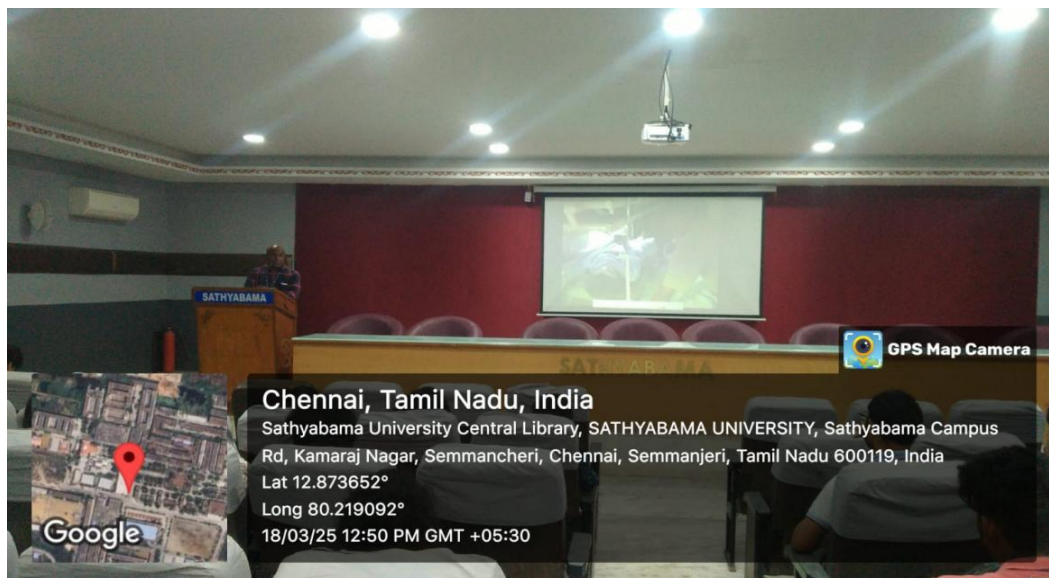

EDC organized a workshop named Empower Yourself on 17th March 2025 that motivated students to take charge of their entrepreneurial journey! The event was well-organized, featuring insightful sessions with participants from different Departments, hands-on problems to work out, and sharing their knowledge with the students. The interactive sessions and engaging discussions made it a truly empowering platform for learning and growth.

Cognitive Club on 17th March 2025 organized an event Restful Nights for understanding Sleep Hygiene. The session helped to identify unhealthy sleep habits and ways to improve sleep schedule for better rest and mental well-being. The sound therapy experience was particularly soothing, highlighting how specific sounds can positively impact sleep quality and relaxation.

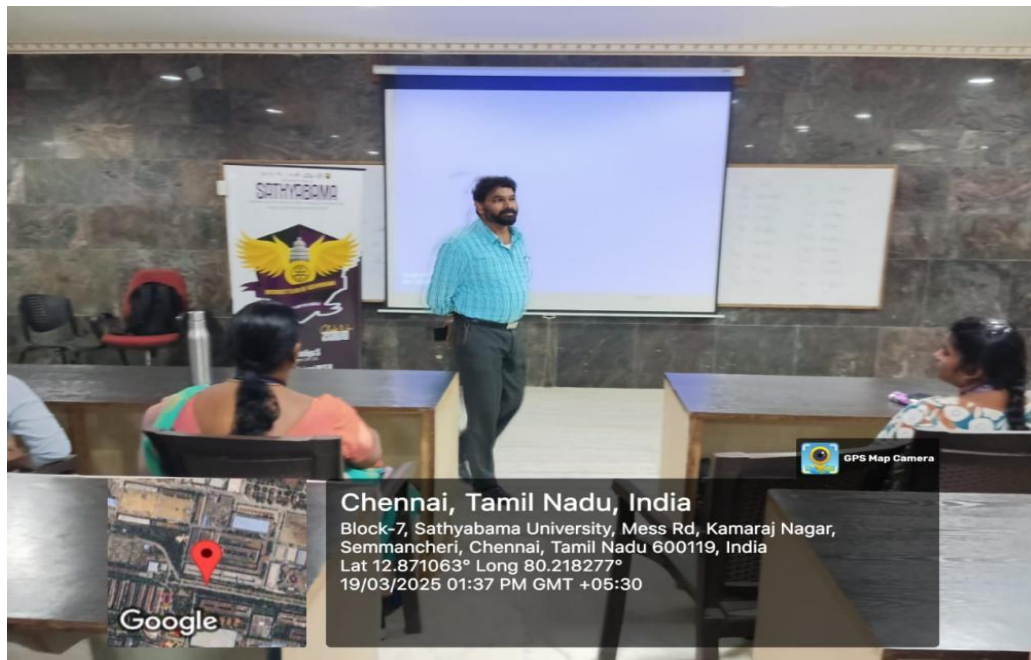

Innovation club Organized an event "Reverse Challenge" on 17 March 2025. The event encouraged participants to suggest their ideas that occur in the absence of emerging technologies. Each students presented excellent ideas.

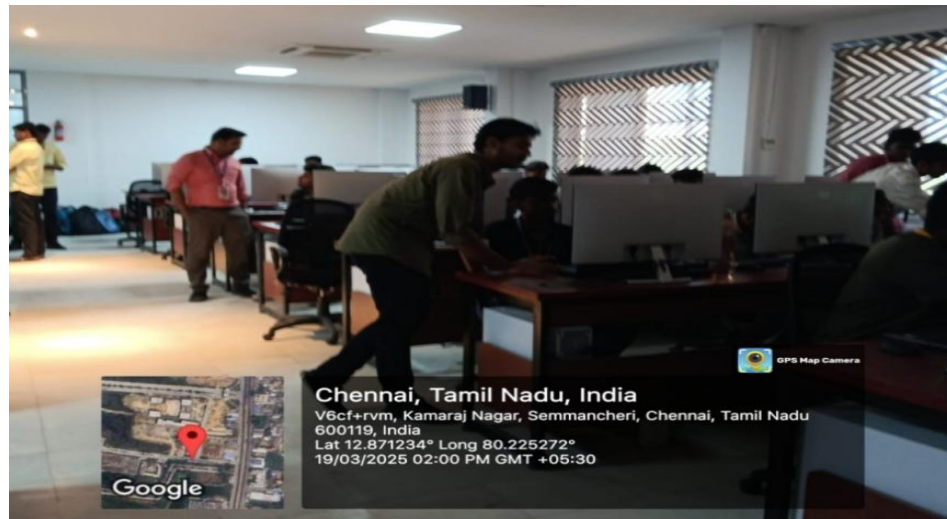

On March 18, 2025, the **Movies and Dramatics Club** hosted an inspiring and engaging event titled "He Named Me Malala", dedicated to celebrating the incredible journey and legacy of Malala Yousafzai. The event featured a thought-provoking screening of the documentary "He Named Me Malala," followed by an interactive session with students. The session allowed everyone to share their thoughts, ask questions, and engage in a meaningful discussion about Malala's extraordinary legacy, her fight for education, and her impact on the world.

CSE Club on 18th March 2025 conducted Code Hunt The event consists of two engaging rounds focused on Data Structures and Algorithms DSA named Mentimeter Quiz and Coding Challenge

Rotaract Club invited Mr. Prashanth Parthasarathy, founder and proprietor of Wheels and Wagons in Chennai, India who engaged in the workshop APEX held on March 19, 2025, conveyed Leadership skill, Methodology, also Activity based on Skills

Microsoft Club conducted a MERN Stack Workshop - Code, Build, and Deploy with MERN on 19th March 2025. The workshop aimed to provide students with hands-on experience in full-stack web development using the MERN (MongoDB, Express.js, React, Node.js) stack, along with modern tools like Tailwind CSS and Supabase.

The **Fitness and Nutrition Club** successfully hosted the "Symphony of Nutrients- Tradition Meets Trend Recipe Competition " event on 20th March 2025. Students brought the heat to the kitchen, blending tradition with a twist and serving up dishes that were nothing short of edible masterpieces! From heirloom recipes with a modern flair to fusion delights, the event was a feast for the senses and a celebration of culinary creativity.

The **Soft Skills Club** successfully organized "Charades for Engineers" on March 21, 2025. With 15 teams and around 60 enthusiastic participants, the event was a thrilling experience filled with fun, teamwork, and creativity. Participants showcased their quick thinking and communication skills while guessing technical and engineering-related terms.

Robotics Club organized Vision Powered Projects on 21st March 2025 where the speaker explained the applications of vision-based technologies and demonstrated how these platforms can be used to build innovative, real-time systems. The event enhanced participants' understanding of hardware integration and basic computer vision concepts.

Aero Club organized the "Wings of Wisdom Debate" on 24th March 2025. The event provided a platform for students to engage in intellectual discussions on cutting-edge topics in aviation and aerospace technology. It stimulated intellectual curiosity and deepened students' understanding of advanced aerospace technologies.

On 24th March, **Chess Club** hosted an exciting and interactive event that brought together chess enthusiasts of all levels. The main focus of the day was to dive deep into the fundamental principles of chess, covering essential topics such as opening strategies, middle-game tactics, and endgame techniques. Through easy-to-understand explanations and practical examples, everyone had the opportunity to enhance their understanding of the game.

Financial Management club conducted IPL AUCTION on 25th March 2025 with 100 participants where students gained a experience of the auction platform, learnt to budget money and where to invest and why to invest.

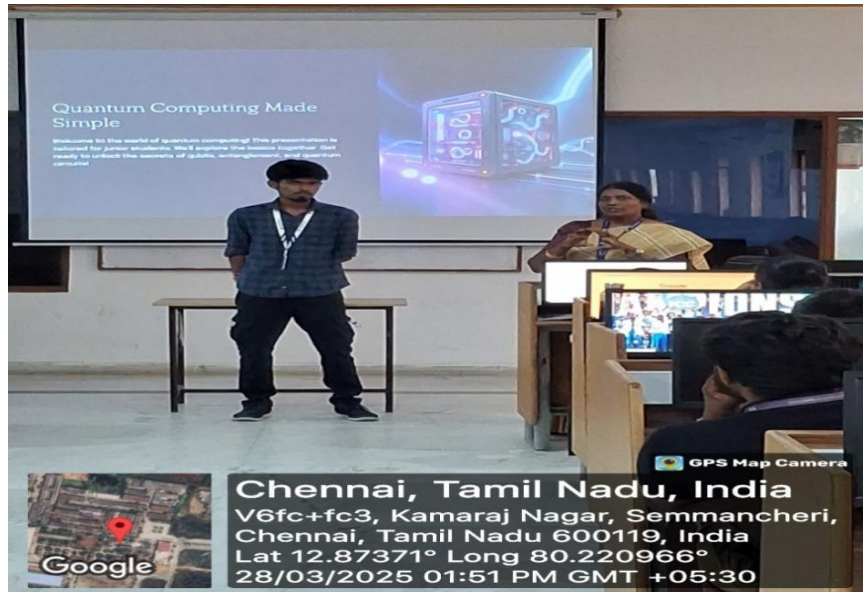

The **Entrepreneurship Development Club** hosted the "Pitch Your Vision" event on March 26th, 2025. The pitch deck competition featured 14 teams, each presenting their innovative business concepts and entrepreneurial visions. Each team was allotted time to pitch their business idea, with a brief Q&A session from the judges afterward. The competition showcased diverse business concepts across various sectors, demonstrating the creativity and entrepreneurial spirit of students.

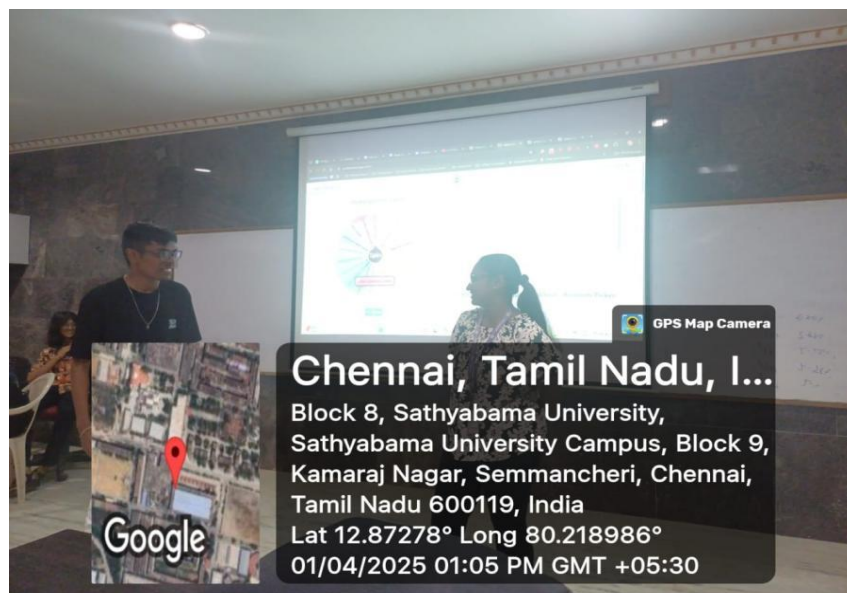

Art club hosted the event "Concept Design Art Using AI Tools" on March 27, 2025. The interactive session focused on exploring open-source AI tools for generating concept ideas in architectural design. The event provided insights into how AI can enhance the design process, fostering innovation and efficiency in conceptual development.

The **Complex Club** conducted "Decoding Web", on 27 March 2025 an event designed to demystify web technologies and development paradigms. This technical event provided students with insights into modern web architectures, frameworks, and development methodologies.

Dr Kalam club organised QuantiVerse an insightful workshop on quantum computing, conducted by Sangeeth Priyan, CEO of Quantelle Enterprises. The session covered core concepts like qubits, entanglement, and quantum algorithms. Participants experienced hands-on activities through simulations and live demos. The workshop inspired innovation and deeper understanding of emerging quantum technologies.

On 1st April 2025 , **English Literary and Book Club** organized Shakesporean Soiree -A Celebration of Shakespeare's life and wisdom done in the form of a Soiree. Students were exposed to the great works of Shakespeare and got a glimpse of the Elizabethan Age.

Mechatronics Club organized a workshop on the topic "MAKE A BOT" to equip students with practical knowledge of making a obstacle and path finder robot and other similar robots with microcontroller, sensors, and coding language their programming software. The session delves into the fundamentals of microcontrollers, differentiating them from microprocessors, different type of sensors like ultrasonic sensor, IR sensor, etc and motors. The event was held on 1 April 2025.

IIoT Club successfully conducted "Insights and Illuminations", on 1st April 2025 an intellectually stimulating event designed to foster critical thinking, effective communication, and collaborative problem-solving among students. Through structured panel discussions and competitive debates on cutting-edge technological and societal topics, the event engaged 29 participants across 6 teams, culminating in a thrilling finale on the future of telecommunication technologies.

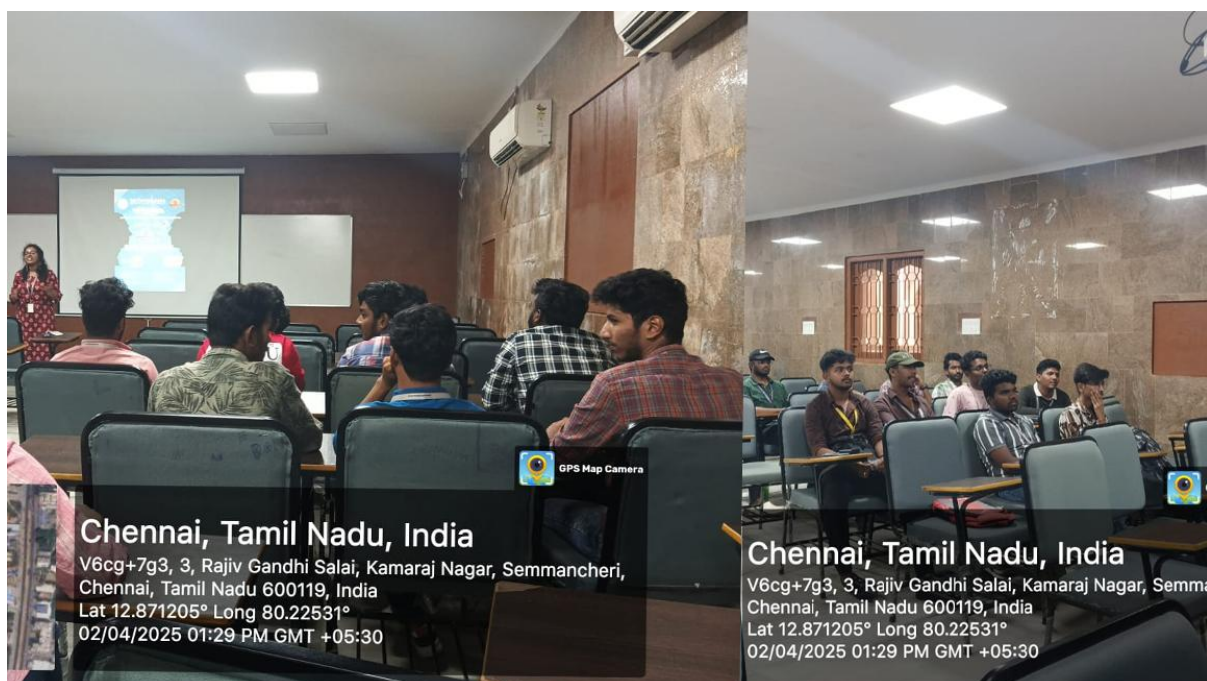

Cyber Security Club hosted a 4-hour experiential workshop on 1 April 2025 on the topic Intrusion Detection Systems (IDS) using NS2 simulator. Led by student speaker N V Subrahmanyam (CSE-AI), participants gained practical skills in network attack detection through live NS2 simulations.

Dr. Kalam Club successfully conducted "TechTinker", was conducted on 02 April 2025, an innovative hands-on workshop that merged Arduino prototyping, TinkerCad simulations, and Generative AI applications. This peer-to-peer learning event attracted fostering interdisciplinary collaboration in embedded systems and AI integration. "TechTinker" effectively bridged hardware prototyping with cutting-edge AI, demonstrating commitment to Industry 4.0-ready education.

Catalyst Club organized an engaging offline event titled Research Roulette: Ethics & Sabotage Edition on April 2, 2025. This 2 to 3 hour event aimed to introduce students to the importance of publication ethics through a creative and interactive research paper writing challenge. The event drew enthusiastic participation from students across various departments.

Dance Club conducted Dance Glitz on 3rd April 2025 where participants showcased their dancing prowess in different genres of dance. The participants were also selected for the university dance team.

Complex club conducted a workshop aimed to provide students with practical insights into Big Data technologies, focusing on Apache Spark. The session was designed as a hands-on, interactive learning experience to enhance participants' understanding of distributed computing and real-time data processing. Participants gained foundational knowledge of Apache Spark and its applications in Big Data analytics. The event was conducted on 11 March 2025.

Poetry club conducted POEMS FOR HER on 16th April 2025. Themes were given and students were asked to write and render poems.

Cyber Security Club conducted "Brainiac Arena: Predict & Conquer", an interactive cyber security competition focused on attack simulation and vulnerability discovery. This event, approved by the Institution's Innovation Council, provided hands-on experience in ethical hacking techniques. The event that was held on 16 April 2025.

CATEGORY - 1 UNIVERSITY BY UGC

STUDENT DEVELOPMENT CELL SDC ACTIVITIES ODDSEMESTER 2024-25

Sl.No.	Name of the Club	Name of the Event	Date
1	Mechatronics Club	Mechatronics- A career perspective	15 July 2024
2	Dr Kalam Club	Python workshop- Python power up	15-16 July 2024
3	Open discussion and philosophy club	Among Us	16 July 2024
4	Cyber Security Club	Technical quiz in cyber security	16 July 2024
5	Aero club	Seminar- aircraft climb performance	18 July 2024
6	Hack Sist Club	Digital Footprints- Git, Github and LinkedIn Essentials	18 July 2024
7	Design Club	Stitching station	19 July 2024
8	Pharmacy Journal Club	Peer to peer Learning Session- Transformational Pharmacy Practice for sustainable Healthcare	19 July 2024
9	Cyber Security Club	An Innovative talk on APP-SEC	20 July 2024
10	Soft skills Club	Interview Fusion- Unleash your potential - competition	23 July 2024
11	Innovation Club	Solutonic	23 July 2024
12	Media club	Digital painting Workshop	24 July 2024

13	Movies and Dramatics Club	Reel Talk- Charlie Chaplin Modern Times	25 July 2024
14	Book Club	Bookworms Quest	25 July 2024
15	Tourism Club	Heritage Walk- Madras Day 2024	26 July 2024
16	EDC Club	Seminar-Early Investment for future startup	26 July 2024
17	Music Club	Cadence Kickstart- Peer to peer workshop	26 July 2024
18	Poetry Club	Poetic Roulette	29 July 2024
19	Financial Management and economic analysis club	Debate on Cryptocurrency	30 July 2024
20	Illustration and Art Club	Talk on Tanjore Painting	30 July 2024
21	Coding club	Web Dev Bootstrap- Hands on Workshop	30 July 2024
22	Chess Club	Chess Trivia	2 August 2024
23	AI Wizards Club	AI Treasure Hunt	2 August 2024
24	Dance Club	Dance Mania	2 August 2024
25	Fashion Club	National Handloom Day	5-6 August 2024
26	Illustration and Art Club	Stamp Design Competition	6 August 2024
27	Robotics Club	WOW 2.0	8 August 2024
28	EDC Club	Workshop- Pathway of becoming an Entrepreneur	8 August 2024

29	NDLI Club	Research Metrics	10 August 2024
30	English Literary Club	Quill and Quirks	12 August 2024
31	English Literary Club/ Open discussion and philosophy club – CLUSTER	Foundations of Freedom	14 August 2024
32	Innovation Club and Ilc - CLUSTER	Innovators Hackathon	23 August 2024
33	Maths Club	Maths Quest	27 August 2024
34	Movies and Dramatics Club	Film Odyssey	28 August 2024
35	Data Science and Analytics Club	Trends in Data Analytics	28 August 2024
36	Catalyst Club	Journal Reader	29 August 2024
37	IIOT Club	Workshop- Website building with zero coding	30 August 2024
38	Eco Club	Envitopia	2 September 2024
39	Pharmacy Journal Club	Bio Hackathon- Digital Health Revolution	3 September 2024
40	Financial Management and Economic Analysis Club	Instant Advertisement	4 September 2024
41	CSE Club	Front End Boot camp	5 September 2024

42	Mechatronics Club	Gripper Arm- Robotic Arm using Matlab Simulation	6 September 2024
43	Book Club	Bookish Brushstrokes	9 September 2024
44	Gaming Club	Call of Duty	19 September 2024
45	Design Club	Tales of Tower	19 September 2024
46	Catalyst Club	Everyday research challenges	19 September 2024
47	Rotaract Club	Teamphoria-12th installation	20 September 2024
48	Cognitive Club	The impact of meltdowns on Academic performances - Peer to Peer Learning	20 September 2024
49	Debate Club	Breaking Perspectives	23 September 2024
50	English Literary Club	Booktunes Battle	24 September 2024
51	NDLI Club	Practical resources for future academic leaders	24 September 2024
52	Anti Human Trafficking Club	Squid Game Challenge	26 September 2024
53	Soft Skills	Data Interpretation using Copilot- Guest Talk	30 September 2024
54	IIOT Club	VORTEX	1 October 2024
55	Microsoft Club	MCS S1 Skill League	1 October 2024
56	Chess Club	CHATURANGA	7 October 2024

57	Maths Club	NUMBER THEORY	7 October 2024
58	Mechatronics Club	MECHASIM	8 October 2024
59	Music Club	RIFF RHPASODY - AUDITIONS	15 October 2024 22 October 2024
60	Fitness and Nutrition club	Superfood shack	24 October 2024
61	Movies and Dramatics Club	BIG CATS DOCUMENTARY	28th October 2024
62	Developers Students club	Unlocking- Google for Developers	28 October 2024
63	Open discussion and Philosopy club	BLITZRECKS	28th October 2024
64	Compilex Club	Crack the Code	8 November 2024
65	Media club	Adobe Photoshop Workshop	14 November 2024
66	Music Club	RIFF RHPASODY - Finals	14 November 2024
67	Compilex Club	3D Printing	15 November 2024
68	Fitness and Nutrition club	Bend, strech and thrive	15 November 2024
69	Tamil Club	Oru vela irukkuma	25 November 2024
70	Tamil Club	Kadhaipoma	26 November 2024
71	Maths Club	Link and Think	27 November 2024
72	Eco Club	Autumn's Palette	29 November 2024
73	Developers Students club	GEN AI for GEN Z	3 December 2024

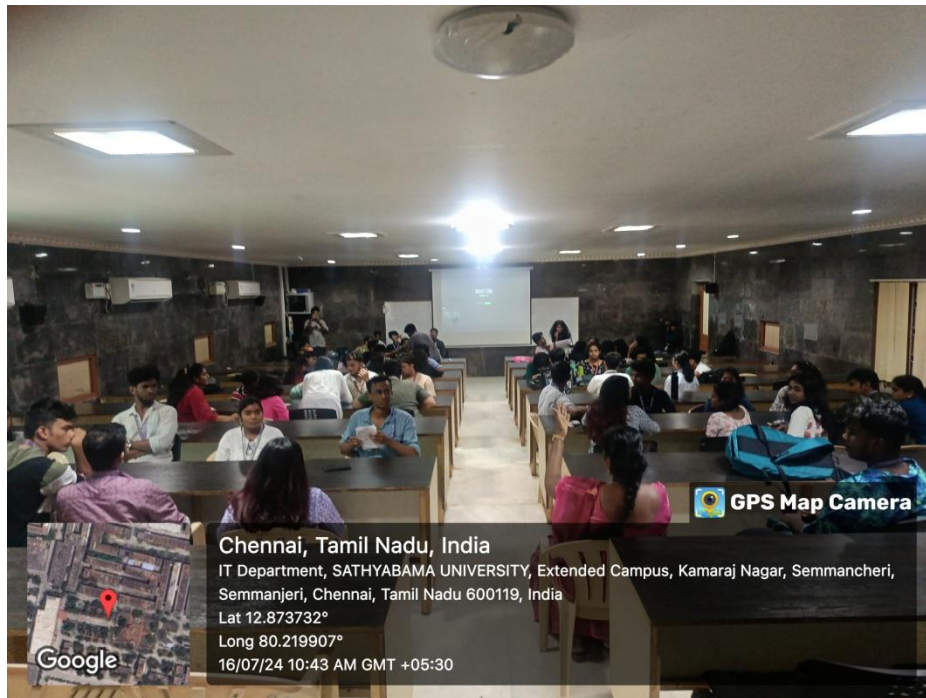

74	Community Development Club	Community Catalyst	6 December 2024
75	CSE Club	Binary Battles	9 December 2024

Mechatronics club conducted a peer to peer program which emphasized on projects, Internship, higher studies, placement, and how to develop job oriented skills in the field of mechatronics on 15th July 2024.

Kalam Club conducted a **Two day workshop on Python** – Python power up on 15th and 16th July 2024. The students were trained to design python based GUI for real time applications, develop codes based on python for any control applications and Create test cases to evaluate the efficiency of the codes for specific applications.

The **Open Discussion and Philosophy club** organized an event named **Among Us** on 16th July 2024. The program challenged participants to articulate their unique perspectives while appreciating the different experiences of others. The game not only enhanced group cohesion and empathy but also highlighted the importance of recognizing and valuing individuality within a community.

The event **Technical Quiz on Cyber Security** was conducted by **Cyber Security Club** on 16th July 2024. The quiz had questions related to cyber security like web exploitation, steganography, cryptography, reverse engineering . The students an awareness about the different aspects of cyber security.

Aero Club of SDC conducted a **Seminar on Aircraft Climb Performance** on 18th July 2024 . The talk was delivered by Mr.Hemaraj, Portfolio Leader, GE Aerospace Industry. He engaged the participants on the Climb Performance of Aircrafts, the various concepts involved in it. It was a industrial learning for the participants.

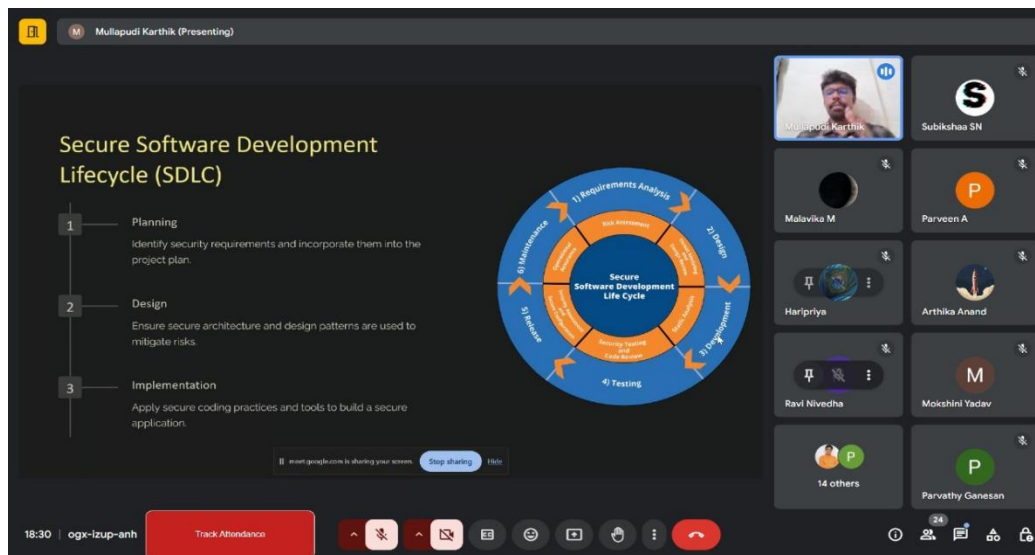

Hack Sist Club organized a peer to peer interactive session on the essentials of Digital Footprints- Git, Gothub and LinkedIn on 18th July 2024.

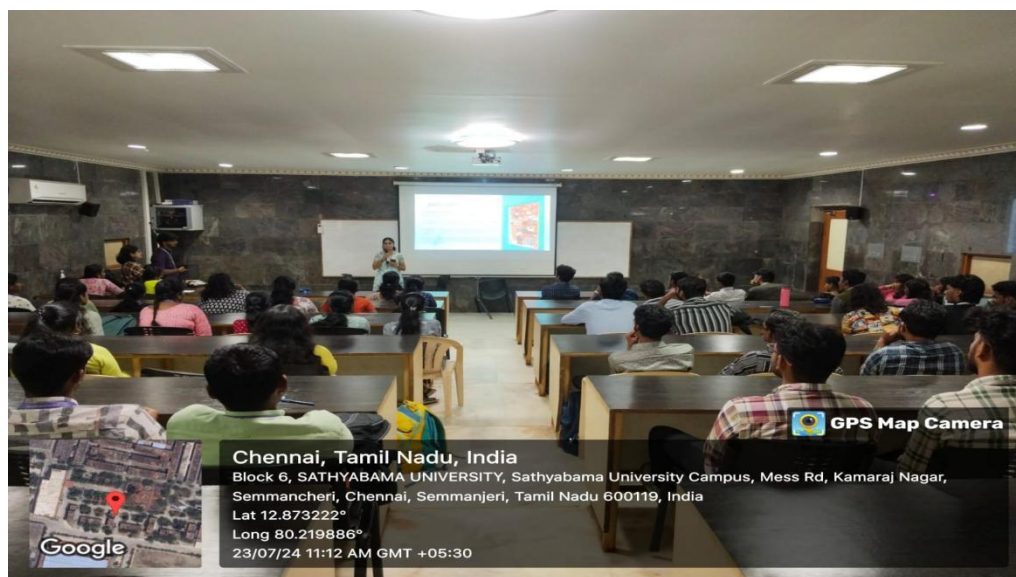

Stitching Station was organized by **Design Club** on 19th July 2024. Around 55 students participated and designed potential products using threads and needles which gave them an insight into designing a product from scratch.

Pharmacy Journal Club organized "A Peer to Peer Learning Session " on Transformational Pharmacy Practice for Sustainable Healthcare, on 19th July 2024 with participation of 70 students who had interactive sessions which supported them to learn about current findings in the field and exercise their critical thinking skills, and Improve their presentation and debate abilities.

Cyber Security Club organized an **Innovative Talk on App-Sec** on 20th July 2024 by Mr. Mullapudi Karthik, Senior Analyst from AB-InBev. He discussed on how to secure the apps with demonstrations. The participants had an opportunity to learn about the practical aspects on securing applications.

Soft Skills Club organized an event on 23rd July 2024, **Interview Fusion: Unleash Your Potential** with 100 enthusiastic participants. Students gained invaluable knowledge and skills to ace their interviews and unlock their true potential. The sessions were packed with insightful tips, interactive activities, and expert guidance that left everyone feeling empowered and ready to take on any challenge.

Innovation club organised an event named "**Solutonic**" on 23rd July, 2024. Innovative problem statements from across all engineering fields were provided to the participants and the students came up with creative solutions which was judged by a faculty panel.

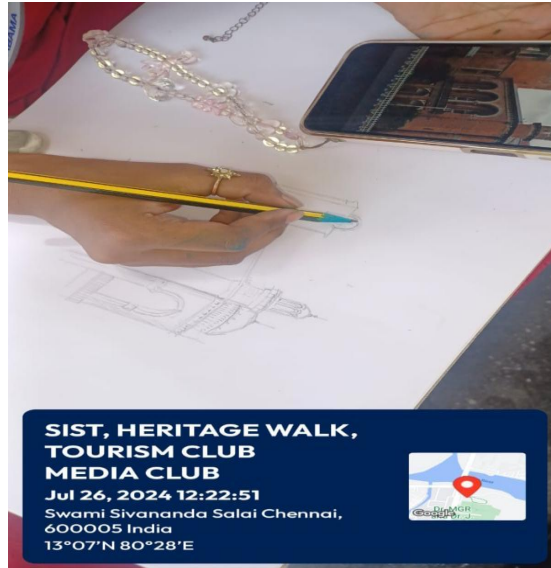

Media club arranged a **Digital training workshop** on 24th July 2024 which was handled by Ms Avvai Krithika Harini, recognized as Doodle Doodle, a proficient Digital Artist and Freelancer. She graciously shared insights into her craft, recounting experiences with various clients. The participants gained knowledge on new applications and tools to do digital painting and she enlightened them on how to make digital painting a business.

REEL TALK - A Movie Magic Experience was conducted by **Movies and Dramatics Club** who had a special screening of the legendary Charlie Chaplin's movie, followed by an interactive session on July 25, 2024. The participants engaged in a lively discussion, appreciating the cinematic genius of Chaplin's work. nd debates about the movie's themes, characters, and cinematic techniques.

Bookworms Quest was organized by **Book Club** on 25th July 2024. The event brought nearly 100 avid book lovers together and kept them engaged in a 2-hour-long book trivia session. The event exposed the participants to a lot of new genres of books and thoroughly transported them to the realm of fiction.

Tourism Club of SDC organized a **Heritage walk** on 26th July 2024 to commemorate Madras Day. Around 25 participants took part in the walk around North Madras. It was a learning experience for them as they sketched and photographed few prominent places within the city.

Entrepreneurship Development Club organized a seminar led by Dr. V. Socrates, Senior Manager - Learning & Development, Star Health and Allied Insurance Co. Ltd on 26th July 2024. This seminar aimed and succeeded to equip participants with the knowledge, skills, and competencies needed to navigate the complexities and enrich themselves for being a visionary.

Music Club organized **Cadence Kickstart** –A peer to peer workshop on 26th July 2024 which enriched the participants to different instruments used.. The students were exposed to a new level of music understanding and appreciation.

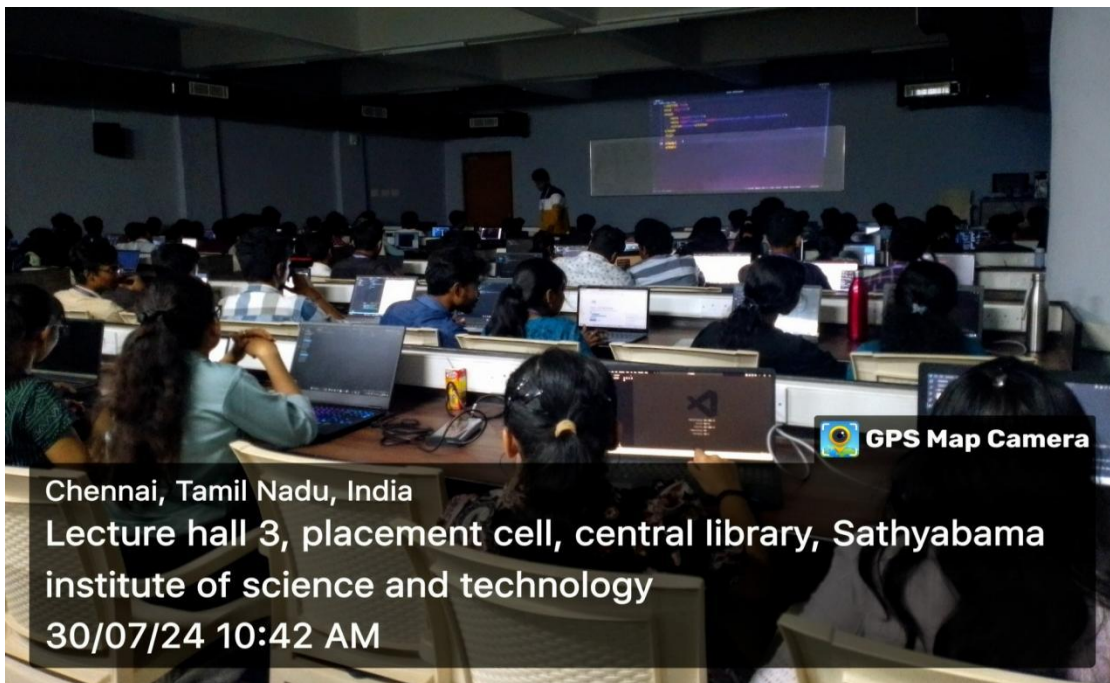

Poetry Club. SDC organized **Poetic Roulette** on 29th July 2024. This event combined the thrill of randomization with the art of poetry, challenging participants to create poetic masterpieces under varying degrees of difficulty.

Financial Management and Economic Analysis Club on 30th of July 2024 conducted a **Debate on Cryptocurrency**. The participants were divided into teams. The themes for these rounds include Pros and Cons Cryptocurrency, Utilisation of Cryptocurrency in India as opposed to foreign countries and the Security concerns regarding the same.

PLEDGE AGAINST DRUG ABUSE

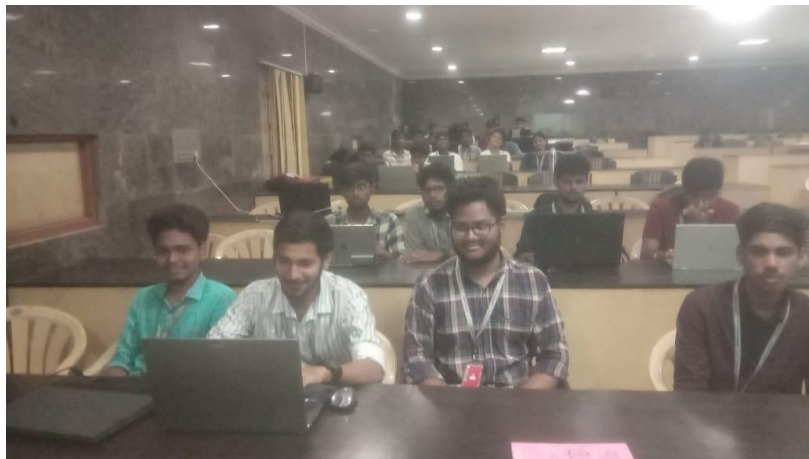

I am aware of the ill effects of drug abuse and I solemnly promise not to indulge in drug abuse. I also swear my sincere contribution to prevent and advise my family members and friends not to fall into the habit of drug abuse. I assure to fully contribute for the cause of rescuing and guiding the drug abusers to give up drugs.

I will fully stand with the Government in their fight against the usage, consumption, and manufacturing of illegal narcotic substances in order to eradicate them from Tamil Nadu. I affirm to contribute with utmost dedication towards the growth of the State and welfare of its people.

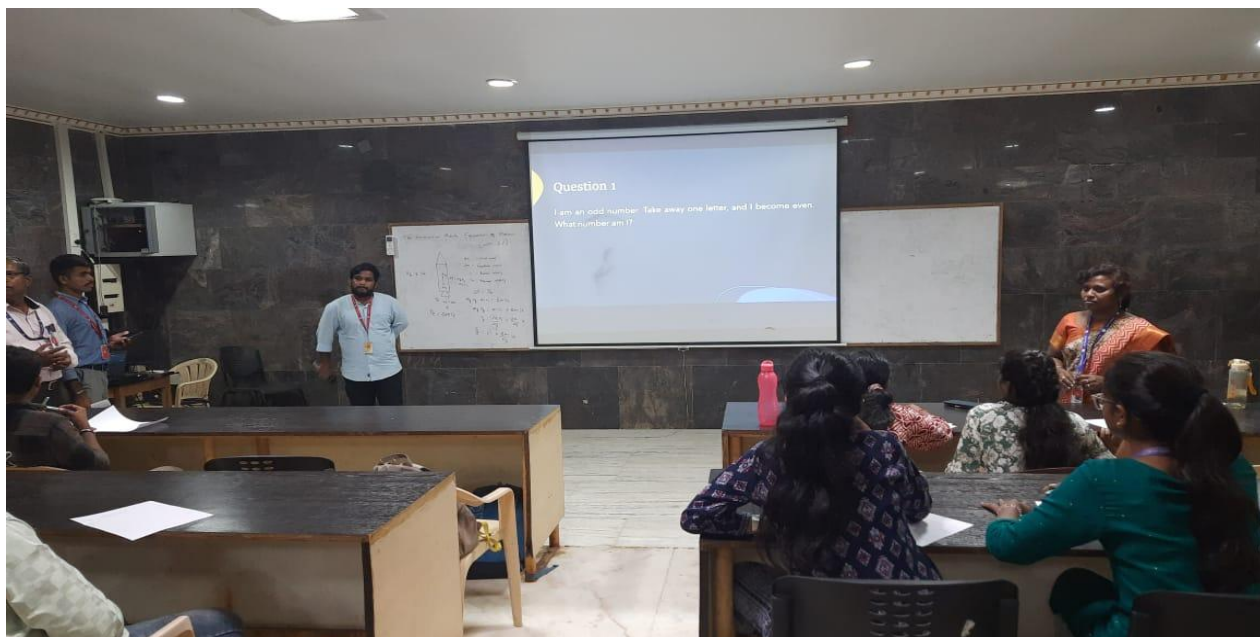

Thank You.
