

About the Event

Corrosion Awareness Day is organized to highlight the importance of understanding corrosion and its impact on industries, infrastructure, and everyday life. The event will bring together experts, academicians, students, and industry representatives to share knowledge, demonstrate practical solutions, and encourage innovative ideas in corrosion science

Event Components

- *Invited Lectures by Industrial Experts
- *Competitions

1. Photographic corrosion contest

#Corrosion Around Us

- Each participant may submit only one photograph
- The photograph must be original and related to the theme of corrosion
- Basic editing such as brightness, contrast, cropping, and color correction is allowed.
- Heavy manipulation, AI-generated images, or digitally altered misleading content will not be accepted.

2. Research Story-telling contest

#Every Research Has a Story – Tell Yours

- Each participant will be given 3 minutes
- **The story should include:**
 - o The problem or challenge
 - o The research concept / approach
 - o The significance or impact
 - o The outcome / future relevance
- Participants should aim to explain their work in a way that a non-specialist audience can understand.
- Participants may use:
 - PowerPoint slides (optional)
 - Props / visuals (optional)
 - Posters / illustrations (optional)
- Reading directly from a script is discouraged.
- Excessive technical jargon without explanation should be avoided.

About AMPP Chennai Chapter

The Association for Materials Protection and Performance (AMPP) is a global community of professionals focused on the protection of assets and the performance of industrial and natural materials. AMPP protects infrastructure and assets worldwide through member and workforce education and credentialing, company accreditation, technological innovation, and global standardization. AMPP, USA was established in 2021 by a merger between NACE International and SSPC: The Society for Protective Coatings, uniting 145 years of corrosion control and protective coatings expertise and service to industry and members worldwide. Today, AMPP is the world's largest corrosion control and protective coatings organization, serving more than 34,000 members in 140+ countries. For more details visit: www.ampp.org. AMPP Chennai Chapter was formed recently on 31 August 2024, and it represents the largest community of researchers, academia and industry professionals in southern part of India. AMPP Chennai members are dedicated to advancing technical and practical expertise in corrosion prevention and control
